**Questions To Ask Before Taking Medicine**

1. What are the brand name and generic name of this medicine?
2. Can I take a generic version of this medicine?
3. What am I taking this medicine for?
4. Does this new prescription mean I should stop taking any other medicines I'm taking now?
5. How do I take the medicine and how often do I take it? If I need to take it three times a day, does that mean to take it at breakfast, lunch, and dinner, or to take it every 8 hours?
6. Do I need to take it all, or should I stop when I feel better?
7. How long will I be taking it? Can I get a refill? How often can I get a refill?
8. Are there any tests I need to take while I'm on this medicine?
9. When should I expect the medicine to start working? How can I tell if it's working?
10. When should I tell the doctor about a problem or side effect?
11. Are there foods, drinks (including alcoholic beverages), other medicines or activities to avoid while I'm taking this medicine?
12. What are the side effects that can happen with this medicine?
13. What should I do if I have a side effect?
14. What happens if I miss a dose?
15. What printed information can you give me about this medicine?
