

Inside Front Cover

Founded in 1984, Florida Cancer Specialists & Research Institute (FCS) is the largest independent medical oncology/hematology practice in the United States. With nearly 100 locations in our network, we are committed to providing world-class cancer care in community-based settings close to home.

Recognized by the American Society of Clinical Oncology (ASCO) with a national Clinical Trials Participation Award, FCS offers patients access to more clinical trials than any private oncology practice in Florida. In the past 3 years, the majority of new cancer drugs approved for use in the U.S. were studied in clinical trials with Florida Cancer Specialists participation.

Florida Cancer Specialists has built a national reputation for excellence that is reflected in exceptional and compassionate patient care, driven by innovative clinical research and cutting-edge technologies that help advance targeted treatments and genetically-based immunotherapies, and embodied by our outstanding team of highly-trained and dedicated physicians, clinicians and staff.
